Completed piece

<Step by Step Guide>

- 1) Cut the screw part of the φ 10mm bezel and the flat screw eye.

- 2) Drill holes in both sides of the φ 2mm bezel with a φ 1mm drill bit to thread the flat screw eye

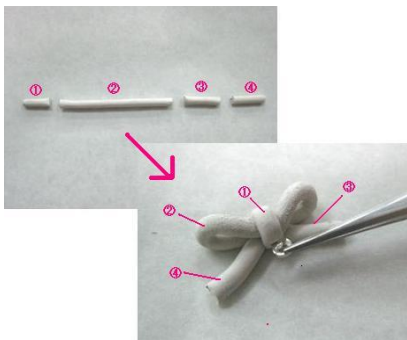

- 3) Set 3 stones (able to fire) into the bezels φ 2mm and φ 3mm.

- 4) Cut the masking tape into 2cm, and attach the bezels like in the image.

- 5) Attach the bezels with a small amount of oil paste with a needle. After drying, fire the piece with the tape attached in a kiln at 800C/ 1472F for 5minutes. Polish with a stainless steel brush.

- 6) Make a clay rope with 3g of clay. Cut into 4 pieces, and attach them to make a bow shape (see image). Insert the flat screw eye into the center of the bow. After drying, smooth the surface with a red sponge sanding pad (#320-600).

- 7) Thread the flat screw eye into the bezel, and thread the chain through one side of bow.
